**Subject:** Meeting notes correction

It looks like my correction didn't get made or I'm looking at an older version. Just in case, see below:

2. **Wastewater Treatment – Permit.** CCCEJ remains concerned about the impacts to Coffee Creek from the facility wastewater treatment system. They also stated Coffee Creek is a tributary to Lucas Pond, which is a location for local fishing. CCCEJ provided information that they would like to be considered by EPA and ADEQ as part of the permit renewal process. Next Step: EPA will review the information provided and share it with ADEQ.

The underlined sentence is backwards. It should state:

Lucas pond, which is used for local fishing, is created by a dam on a tributary to Coffee Creek.

Barry

\*\*\*\*\*

Barry,

I just got this from David. The statement about Lucas Pond is still in there. You should provide your corrections to David.

Corinne
